Last Attend Date:

The last day attended should be a date between the first day of the semester to current date. The last date attended is the date the student stopped attending classes and his/her last recorded date at an academically related activity (lecture, clinical, assignment, exam, signed to Canvas, etc.)

Comments:

I understand that 100% refunds are not issued after the first day even if a student's specific classes start after that day. I understand that if I am on a plan, I am still responsible for the original tuition and fee charges and that even if I resign during a refund period, I may still have future payments due on my plan
